

Plenary Panel Discussion

流程工业的智能优化

Intelligent Optimization of Process Industry

Chair: Prof. **Jie Chen**, Beijing Institute of Tech., China

Panelists: Prof. **Weihua Gui**, Central South Univ., China

Prof. **Feng Qian** (Prof. **Yang Tang** instead), East China Univ. of
Science and Tech., China

Prof. **Chenghong Wang**, National Natural Science Foundation
Committee, China

Prof. **Jinliang Ding**, Northeastern Univ., China.

Prof. Weihua Gui

Central South Univ.

China

- **Academician of Chinese Academy of Engineering.**
- **Vice president of Chinese Association of Automation.**
- **Received second-class prize for National Science and Technology Progress Award for three times, and provincial and ministerial technology awards for 13 times.**

**Prof. Feng Qian (Prof. Yang Tang
instead)**

**East China Univ. of Science and Tech.
China**

- Academician of Chinese Academy of Engineering.
- Vice president of East China Univ. of Science and Tech.
- Received second-class prize for National Science and Technology Progress Award for four times, and first-class prize for Provincial Science and Technology Progress Award for one time.

Prof. Yang Tang will deliver the presentation of Prof. Feng Qian.

Prof. Chenghong Wang

National Natural Science Foundation Committee

China

- He is currently a professor in National Natural Science Foundation Committee, China.
- Vice president of Chinese Association of Automation.
- Research interests: control theory and application, theory and application of system reliability, discipline development strategy and related policy research.

Prof. Jinliang Ding

Northeastern Univ.

China.

- He is currently a professor in Northeastern Univ., China.
- Deputy Director of State Key Laboratory of Synthetical Automation for Process Industry.
- Received Young Scholars Science and Technology Award of China, National Science Fund for Distinguished Young Scholars, National Technological Invention Award and First-prize of Science and Technology Award of Ministry of Education.
