

Plenary Panel Discussion

无人系统研发和工业应用愿景

Trend of Unmanned Systems R&D and Industrial Applications

Chair: Prof. **Ben M. Chen**, National University of Singapore, Singapore

Panelists: Prof. **Hai-Bin Duan, Beihang University, China**

Prof. **Qiang Wu**, Deputy Chief Engineer, AVIC Development and Research Center, China

Prof. **Li-Hua Xie**, Nanyang Technological University, Singapore

Prof. **Fu-Min Zhang**, Georgia Institute of Technology, China

Prof. **Guo-Cheng Zhao**, Ewatt Technology Co., Ltd, China

Prof. Hai-Bin Duan

Beihang University

China

- He is currently a professor in Beihang University, China.
- Research interests: multiple UAVs autonomous formation control, biological computer vision.
- Received National Science Fund for Distinguished Young Scholars, second-class prize for National Science and Technology Progress Award.

Prof. Qiang Wu

Deputy Chief Engineer, AVIC

Development and Research Center

China

- Deputy Chief Engineer of the Development and Research Center, Aviation Industry Corporation of China (AVIC) .
- Research interests: product development planning, technology framework development.

Prof. Li-Hua Xie

Nanyang Technological University

Singapore

- He is currently a professor in Nanyang Technological University, Singapore.
- Fellow of IEEE, Fellow of IFAC.
- Research interests: include robust control & estimation, networked control systems, multi-agent networks, unmanned systems.

Prof. Fu-Min Zhang

Georgia Institute of Technology

China

- He is currently a professor in Georgia Institute of Technology .
- Co-chair of the IEEE RAS Technical Committee on Marine Robotics.
- Received the NSF CAREER Award and the ONR Young Investigator Program Award.

Prof. Guo-Cheng Zhao

Ewatt Technology Co., Ltd

China

- **Founder and President of Ewatt Technology Co., Ltd.**
- Received “One Thousand Leading Talents Plan” ,“Top Ten Excellent Young Entrepreneurs”, “123 Leading Entrepreneurs”.
