# Plenary  Panel Discussion

## 关肇直奖畅谈

## Talk about Guan Zhao-Zhi Award

**Chair:** Prof. Jie Chen, Beijing Institute of Technology, China

**Panelists:** Prof. Long Wang, Peking University, China

Prof. Yong He, China University of Geosciences (Wuhan), China

Prof. Bin Xin, Beijing Institute of Technology, China

Prof. Wen-Xiao Zhao, Academy of Mathematics and Systems

Science, CAS. China

**Prof. Long Wang**

**Peking University**

**China**

- Cheung Kong Chair Professor of Dynamics and Control.

- Received the Guan Zhao-Zhi Award (1994).

- Research interests: complex networked systems, evolutionary game dynamics, artificial intelligence.

**Prof. Yong He**

**China University of Geosciences (Wuhan)**

**China**

- He is currently a professor in China University of Geosciences (Wuhan).

- Yangtze River Scholars Distinguished Professor.

- Received the second-prize of the National Natural Science Award, the Guan Zhao-Zhi Award (2007).

**Prof. Bin Xin**

**Beijing Institute of Technology**

**China**

- He is currently an associate professor in Beijing Institute of Technology.

- Received the Guan Zhao-Zhi Award (2012).

- Research interests: optimization methods, unmanned vehicles, multi-agent systems, computational intelligence.

**Prof. Wen-Xiao Zhao**

**Academy of Mathematics and Systems Science, CAS.**

**China**

- He is currently an associate professor in the Key Laboratory of Systems and Control, CAS .

- Received the Guan Zhao-Zhi Award (2013).

- Research interests: system identification, adaptive control, related topics.
